Proposed road to Section 56 & 57 Goilstream Dist

ESQUIMALT DIST.

Sir

With reference to to your correspondence of February 13th File 10960/ II - 12 and April 3rd File 9886/ II-12 relative to proposed road to sections 56 & 57 Goldstream District owned by Glintz bro,s and S. E. Mc Nutt

Starting at a point on the west Sooke road on the N W corner of sec 116 following the line between secs 62 & 65 to corner of sec 63 following through the centre of 65 to a point where the City Water works pipe line crosses the valley by a small bridge through which there is not sufficient head room for the road to pass underneath and making it impossible to cross over top unless with a very large expenditure as the bridge and fill made by the Water Works Completely block the natural way up the valley

From there on the country is very rough and rocky with heavy grades through ravines which I would judge in the winter time will be under water Total length about 2½ miles

Cost about $ 3500. to make a road of any description with very little to justify the expenditure

I judge that The Glintz bros have 50 acres agricultural land in sec 57 and McNutt about 40. in sec 56

Geo POwell has about 30 in sec 63
